

REMARKS/ARGUMENTS

Reconsideration of this application in light of the above amendments and following comments is courteously solicited.

New independent claim 45 sets forth with specificity a wall mirror including a flat frame structure including a frame wherein the display is mounted in the frame for attachment to a wall. In addition to the foregoing, the dependent claims 46-55 set forth further details of the wall mirror of the present invention. None of the prior art references teach, disclose, suggest or render obvious a wall mirror having the structure as now claimed in claims 45-55.

The Pastore '267 document discloses an automobile mirror in combination with the display device. The Pastore reference fails to teach the details of independent claim 5 including the flat frame structure including a frame wherein the display is mounted in the frame for attachment to a wall. In addition to the foregoing, the Pastore reference fails to teach or suggest the details of new dependent claims 50 and 51. Namely, Pastore fails to show a mirror insert which is within the frame or a mirror attachment which is fitted onto the frame to form the mirror interior. In light of the foregoing, it is submitted that newly presented claims 45-55 patentably define over the art of record and an early indication of same is respectfully requested.

An earnest and thorough attempt has been made by the undersigned to resolve the outstanding issues in this case and place same in condition for allowance. If the Examiner has any questions or feels that a telephone or personal interview would be helpful in resolving any outstanding issues which remain in this application after consideration of this amendment, the

Examiner is courteously invited to telephone the undersigned and the same would be gratefully appreciated.

It is submitted that the claims as amended herein patentably define over the art relied on by the Examiner and early allowance of same is courteously solicited.

If any fees are required in connection with this case, it is respectfully requested that they be charged to Deposit Account No. 02-0184.

Respectfully submitted,

Oliver Rottcher
